MOTOR STARTING BASICS

TRAINING EVENT

This one day course is designed to give the attendee the knowledge to properly select, install & wire various motor starting techniques.

Combination Starters, Soft-Starters and Variable Frequency Drives will be covered, including basic Soft-Starter and VFD Parameter setting. This course will consist of both technical instruction and hands-on training.

+ HANDS-ON

Throughout this course, you will have the opportunity to practice the skills you have learned through a variety of hands-on exercises.

COST

\$450

Includes Lunch
