PNEUMATICS FUNDAMENTALS & TROUBLESHOOTING

TRAINING EVENT

This course is designed to provide knowledge and skills required to install, maintain, design, and troubleshoot pneumatic controls. This course is tailored to electrical engineers, mechanical engineers, electricians, facility maintenance personnel, project managers, and anyone needing to understand pneumatic fundamentals, control, and troubleshooting. In this course, you will learn pneumatic fundamentals and troubleshooting skills through lecture, classroom discussions, and hands on labs.

+ HANDS-ON

Throughout this course, you will have the opportunity to practice the skills you have learned through a variety of hands-on exercises.

COST

\$800
Includes lunch each day
