POWERFLEX® 750-SERIES

MAINTENANCE & TROUBLESHOOTING

COURSE NUMBER CCA183

TRAINING EVENT

This is a two-day course designed for individuals who are for responsible maintaining and troubleshooting a PowerFlex 750-Series drive. This is a skill-building course that introduces concepts and techniques that will assist you in successfully maintaining and troubleshooting a PowerFlex 750-Series drive. You will learn how to recognize PowerFlex 750-Series drive hardware and properly wire the drive, as well as learn to diagnose specific faults. After the demonstration, you'll be given exercises that offer extensive hands-on practice using a PowerFlex 753 or PowerFlex 755 drive.

This course will award 1.4 IACET CEUs.

**Authorized
Service Provider**

A ROCKWELL AUTOMATION PARTNER

+ HANDS-ON

Throughout this course, you will have the opportunity to practice the skills you have learned through a variety of hands-on exercises.

COST

\$1,750

Includes lunch
each day

REGISTER
